I hereby certify that the above returns are correct, according to the best of my knowledge and belief.

DAVID M. CALLEY, Town Clerk.

BOARD OF HEALTH REPORT.

To the Selectmen of Bristol:—

In submitting our report for the past year we wish to call attention to some of the complaints with which we have dealt as best we could under existing circumstances.

Our streets are well supplied with surface drainage but we are sadly in need of a thorough system of drainage to connect with the vaults and sink drains of our town.

We have had some complaint of surface sink drains and considerable complaint about the bog hole on No. Main St., but we cannot see a remedy for the same until the town can provide an under surface pipe for all refuse water.

As regards the bog hole, we consulted the State Board of Health and from them got permission to postpone all action until spring, when the matter must be attended to by the town without fail. Additional pipes have been laid on Pleasant and No. Main streets.

Our soil is good, swampy land scarce, and an abundant supply of pure water from Newfound lake.

The health of our town is good. No epidemic of disease has prevailed among us the past year (La Grippe excepted).

Not a case of typhoid fever, and only two or three cases of diphtheria have been reported to us the past year.

Respectfully submitted,

C. A. SMITH, } Board of
CHANNING BISHOP, } Health.

ANNUAL REPORT OF SCHOOL BOARD.

In District No. 1 there were ten weeks of school paid for by the School Board of Bristol and twelve weeks paid for by the School Board of Hill, making twenty-two weeks, which the pupils of No. 1 in Bristol and the adjoining districts in Hill had the privilege of attending school.

No. 3 had ten weeks of school, when on account of cold weather the school was discontinued. This school is therefore entitled to two extra weeks of school the coming year.

The school in Nos. 5, 8 and 9, has had twelve weeks of schooling the past year.

The coming year there must be an additional school, as one must be held in the D. W. Hall neighborhood.

There ought to be at least sixteen weeks of school in each district the coming year, and by raising $150 or $200 additional school money this can be done. Every one should feel an interest in the welfare of our schools, attend the meetings and vote to raise this necessary amount.

The School Board were fortunate the past year in securing good, capable and faithful teachers, and as a whole good work has been done by them and good advancement made by the scholars during the past year.

ALMON C. HASTINGS,
ELIJAH SANBORN,
A. J. FERRIN,

Report of the Board of Education

OF UNION SCHOOL DISTRICT, NO. 2.

The Board of Education for Union School district No. 2, met for organization on Monday evening following the regular school meeting. R. W. Musgrove was made chairman, Laura A. Berry secretary, J. H. Brown treasurer, C. W. Fling Sup't of school building and grounds, Dr. Bishop, C. W. Fling and R. W. Musgrove committee on bills; Myra S. Judkins, Sup't of schools.

The work of "setting our house in order," for the opening of the Spring term, commenced at once. The Sup't of these matters had the old piazza replaced by a new one, attended vigorously to all matters of cleansing and repairing, but, as mortals will do, he failed to do that which most needed to be done, viz., to enlarge our borders. The consequence of this failure of his was, that when we stood at the door of the Primary room on opening morning, the 28th verse of the 20th Chapter of the Prophesy of Isaiah, viz., "For the bed is shorter than that a man can stretch himself on it; and the covering is narrower than that he can wrap himself in it," flashed in real panorama upon our vision. What was to be done? Promote? Nay, verily—Promotion had reached its climax. The High School room was already half full of Grammar scholars. The Grammar Department was full; the Intermediate nearly full, while many a little primary hat had no peg to hang on. After due deliberation, it seemed our best way to pack the Intermediate pupils as closely as possible, thus leaving one row of sittings empty for Primary pupils. This humane arrangement left the Primary room with only seventy!

The policy of the present Board has been, first, to promote only so fast as classes were well fitted; second, to insist on immediate obedience on the part of pupils; using every other means in preference to corporal punishment, third, to adhere as strictly as possible to our subscribed course of study. So far as advancing classes is

concerned, we could not, as there has been no time in the year when the first Grammar class could have been well seated in the High School room. While we regretted the necessity of holding classes back, we have been gratified to note that not a class and we think, not an individual, has suffered from this arrangement. This state of things will often occur so long as the District allows its children to be crowded into the present narrow limits, for there is, absolutely, no way out of this dilemma, but in more rooms. No town of our size has a more brillant square on the 4th of July. Our political parties unfurl no mean flags to the breeze. We walk on miles of concrete. We have harnessed the lightning, and one pair of human hands on the lines holds it, where a hundred of its blazing eyes glare down upon our streets, but our children, especially our little beginners, must trot from "pillar to post" and from post back to pillar again, for a place to learn what is in that little Primmer. Citizens of Bristol, take this matter into candid thought, and then decide whether such a state of things should continue.

The failures of the year have been along the line of our "secondly." It has been a year of experiment. We have tried persuasion, dissuasion, moral suasion, and in these last days we have introduced the suasion of the strap. There is a spirit of insubordination in some cases, which reminds us of volcanic elements. At times the school rooms are in excellent order, and on such days the Bay of Naples was never more delightful. Again all the pent up ungovernableness of undisciplined Young America bursts forth and, on such days, Vesuvius was never more active. Is there any cause for any of this state of things in our homes? Are there any among us who do not before their children sustain the government of the school? Is there enough pains-taking on the part of parents to visit the schools, and so learn from observation what we are doing and trying to do?

We can assure you that in the third division of our work excellent work both in quality and quantity has been done by the schools in bringing up back work and now almost every pupil is abreast with the course of study in his grade. We have figures at hand that make fine showing in Mathematics. The classes in History have no cause to fear or to be ashamed. We have a Latin class that would rank well in any preparatory school in the state and at the beginning of another school year in September we shall have a class that can begin Greek to advantage. We have got a good stock of books. In the main they are properly used and in the

careful hands of the present Principal there is little possibility of loss by lending, as all are receipted for. Mrs. Etta G. Musgrove has been employed for two terms as teacher of vocal music. All pupils, who desire to do it, can easily reap a harvest of entertainment as well as real profit from Mrs. Musgrove's easy way of teaching her favorite science.

The Board of Instruction for the Spring term was Owen W. Mills, of Exeter; Emma Roby, of Alexandria; Maude Heath, of Bristol, and Mary Morrill, of Bridgewater. Mr. Mills came to us with the best of recommendations, among which was one from Dr. Wentworth himself. What more could we ask? Mr. Mills, however, did not understand the nature of the school he came to teach till he reached the place, and so his disappointment captured his courage, and his prize was lost before his race was begun. At the close of term another field of labor waiting his hands he took leave of us. Maude Heath entered the School of Medicine in Boston University in September, carrying in her make-up elements of success. Mr. Mills was succeeded by Arthur Warren Smith, of Providence, R. I., a graduate of Brown University and Maude Heath by Lizzie B. Bishop.

It being the opening of the school year it was deemed best to engage the four teachers for three terms, an arrangement which the incoming board will, in our opinion, do well to maintain. Thus equipped the work has progressed without break, save on the legal holidays and teachers' day given by the law of the state for attendance upon conventions, save that the winter's epidemic visited the High School teacher and remained his guest for two or three days.

The Board tried the experiment of a Christmas recess as that week is always so broken up. The result was good for the classes, as all stopped at once and started again together.

No town need ask for better teachers. We have said and dare repeat, that we do not believe either of our neighboring seminaries furnishes better instruction than that in our High School, nor would we hesitate to put the ability of the other rooms to the test, with any other three of like grades in any village school. Parents and guardians may put it down with their items of fact, that if their children and wards have not learned, it is not the fault of our teachers. There was a time when the value of a teacher was in exact ratio with his prowess in wielding the rod, but in the light of this age we call that the best teachers, who appeals most successfully to the sense of honor in the pupil, and we believe that best

results are obtained only when the home influence fortifies that of the teacher in sustaining discipline by this method.

For one thing more we must look almost entirely to parents. There has been great improvement in the matter of attending school on the last day, as the High, Intermediate and Primary Schools were almost entire at the close of this last term. But the Grammar seats were half empty. Manufacturers, merchants, farmers, how long would you keep an employee that would leave you when you needed him most?

The school rooms are our workshops. Our trade is the building of intellectual character, the teachers are our overseers, the pupils are our artisans. Ought they to leave us when we need them most? Will you not interfere to prevent this worst of all appearances, a demoralized school room on the closing day?

For the Board,

MYRA S. JUDKINS, Supt.

ROLL OF HONOR.

HIGH SCHOOL.

Harry W. Proctor, Myrtie M. Bingham, Elfleda M. Calley, Lulu O. Sanborn.

GRAMMAR SCHOOL.

Bert L. Roby, Lucy Favor, Lucy Seavey.

INTERMEDIATE SCHOOL.

Von Wheet, Lewis Fling, George Calley, George Brailey, Georgia Stanley, Mary Fields.

PRIMARY SCHOOL.

Frank Ballou, Charlie Fields, Silas Quint, Chester Tilton, Lucy Dow, Edith M. Rollins.

Roll of Honor prizes were awarded to Lewis Fling, Von Wheet, Charlie Fields, Mary Fields and Lucy Seavey, each having been on the roll for three successive terms.

			$738 80

We think a word of explanation is due the taxpayers in regard to the book account published with this report. Heretofore very little money has been expended by the town under the Statue requiring towns to furnish text-books, and other supplies for the school-room. The scholars having books of their own have been required to use them as a rule, until the present year, when it became necessary to provide a great many new books. This has been done as requ red by law, and a uniform course of study prescribed by the Board. The outlay has not been made in changing books, but in supplying the schools under the Statute, mainly for the first time. We believe that these books with slight yearly additions will be sufficient for several years to come.

TREASURER'S REPORT

Of the Board of Education for the Year Ending March 1, 1892.

I have this day carefully examined the foregoing accounts of the Treasurer of Union School District No. 2 and find them properly footed and an approved voucher for each item therein.

BURLEY M. AMES,
Auditor Union School District.

Report of Trustees of Minot-Sleeper Library.

The Minot-Sleeper Library has had another year of prosperity, and continues to be appreciated and enjoyed by the people of Bristol.

The board of management of the affairs of the library consists of nine trustees. When first appointed three were for three years, three for two and three for one year, and thereafter three were to be appointed for three years each. For several years, however, previous to last spring, there had been no appointments, and all the trustees held their positions because their successors had not been appointed. The trustees thought it better that three should be appointed each year, and requested the selectmen to make new appointments, and this was done. Their selections were as follows: For three years, R. W. Musgrove, Hon. C. Taylor and Dr. Geo. H. Calley; for two years, Ira A. Chase. Esq., Green L. Tilton and M. W. White; for one year, Hon. B. F. Perkins, J. H. Brown, Esq., and Dr. Channing Bishop. It is presumed that the selectmen will hereafter annually appoint three.

The following is the organization of the board: Chairman, R. W. Musgrove; secretary, Channing Bishop; treasurer, Dr. G. H. Calley; executive committee, I. A. Chase, G. H. Calley and B. F. Perkins.

On the 26th of last Sept., Miss Maude Heath resigned as librarian, after several years' service, and Mrs. Ella Evans was elected to this position, but at the annual meeting of the trus-

tees Feb. 9, she resigned and Miss Emma P. Berry was elected to fill the vacancy.

Nov. 6th, last, the portraits of Hon. Josiah Minot and Hon. S. S. Sleeper were presented to the library by Mr. Sleeper at an informal meeting of the trustees and citizens at the library, and were accepted by the chairman in behalf of the trustees and people of Bristol, and now occupy appropriate positions in the library. These portraits will be a constant reminder to the patrons of the library of their benefactors long after the donors shall have passed away. The first of these gentlemen, Hon. Josiah Minot, died at his home in Concord, Dec. 14, following.

During the past year a supplementary catalogue has been issued containing all the additions made to the library since the first catalogue was issued.

The library has been open to the public each Saturday afternoon and evening during the year.

Whole number of books on the shelves,	2,110
Number of patrons February, 1891,	786
Number of patrons February, 1892,	819
Average number issued each week,	113
Number missing,	4
Amount received from fines,	$7 66

In addition to the above there are 137 new books, recently purchased, that have not yet been placed upon the shelves.

Respectfully submitted for the trustees,

R. W. MUSGROVE, Chairman.

CHANNING BISHOP, Secretary.
